Speech Contest Assessment Criteria

(30 Finalis) Erlangga English Speech Contest 2010

Written by Admin Penerbit Erlangga Monday, 30 August 2010 15:19 - Last Updated Monday, 15 November 2010 08:24

1. Argument

- a. Explanation. Declare the belief and support the belief with evidence. Then review the evidence and the argument in light of the knowledge and experience of the expected audience.
- b. Evidence. Evidence usually comes in three forms: (1) The speaker's personal experience;
- (2) Empirical evidence; (3) Authoritative opinion.
- c. Significance. Explain why the argument is important.
- d. Accuracy. It involves the accurateness of grammar and pronunciation.

2. Delivery

- a. One must speak clearly. Varying the rate at which the words are spoken is an effective technique, but, as a rule of thumb, slow is better than fast.
- b. One must speak loudly enough. Do not deliver the speech in a monotone. Variations in volume can communicate a great deal of meaning.
- c. One must make eye contact. Maintaining eye contact is one way of remembering to engage the audience.
- d. The use of space. Because a podium separates speaker and audience, speakers are well advised to move to the side or in front of the podium when they wish to make a point of particular importance. The speaker thereby establishes closer intimacy with the audience.
- e. Presence. First, wear your favorite formal clothes. Second, always stand up straight. Third, smile before you say your first word. Fourth, disguise your nervousness.
- f. Gestures. The gestures should be unanticipated and unrehearsed, but in synchrony with the meaning of the words spoken. The essential point to remember is that delivery must accentuate naturalness. One must be comfortable in delivering a speech.
